Dear _____,

Are you ready to make those small home repairs, but don't have the time? Are you tired of contractors who don't return phone calls or forget how to smile? Do you want someone who's reliable *and* affordable?

I can help.

From fixing leaky faucets to unclogging drains to caulking the tub or shower, I can handle all the odd jobs you have inside and outside the house. In other words, *no job is too small*.

But that's not all. I return phone calls within 24 hours, I'm fully insured, and I pride myself on customer service.

I want to thank you for using Fred Ferris Handyman Service in the past, and I want to take this opportunity to let you know that I'd like to serve you in the future.

As a token of my appreciation, I'm offering a **Spring Special. Take \$10 off your next handyman project***. Call 617-733-6316 or email me at ferrishandyman@comcast.net TODAY!

Don't procrastinate about those small home repairs any longer!

Best wishes,

Fred Ferris
