

Pittsburgh Flight Training Center -- "After Copy"

Main Headline Suggestion

There's Regular Summer Camp. And Then There's Summer Flying Camp.

Learn To Fly This Summer at Pittsburgh Flight Training Center.

Want To Avoid "Summer Boredom 101?" Take A Class In Aviation!

If you're new to aviation and you're between the ages of 12 and 18, you'll enjoy our five-day introductory program. You'll learn many interesting aspects of aviation including aerodynamics, aircraft systems, navigation, and meteorology through classroom interaction, field trips, guest speakers, and the use of new aircraft. Classes begin every week* starting June 14 and continue through August 16, 2004.

Tuition is \$749 and includes daily transportation**, lunch, sessions in our Full-Motion Flight Simulator, and the experience of actually flying a real airplane from the pilot's seat with one of our professional flight instructors. That's right. You'll take the controls and really fly! There'll also be interactive classroom instruction, educational materials provided, and field trips. You'll even use a real pilot's logbook for logging your flight time!

Already Know Aviation Basics? Check Out Our Advanced Camp Programs.

Advanced Introduction to Aviation

Are you already familiar with the basics of aerodynamics and systems? Maybe you've done some flying? Are you between the ages of 12 and 18? Then our advanced five-day program is just what you need. After reviewing some of the basics, we'll walk you through weather instruction, GPS training, simulator sessions, and advanced cross-country planning with a cross-country flight to another airport. This is the perfect follow-up course for those of you who attended our camp last year. Tuition is \$749 and includes daily transportation* and lunch each day.

The Summer Solo Flight Program

This is perfect for you high school juniors and seniors who've gone through aviation basics. Our goal is to have you flying solo (yes, flying the real aircraft by yourself) by the end of the program. Don't worry! We're there for you every step of the way.

Summer Private Pilot Program

If you're 17 or older, you'll have a chance to earn six college credits *and* your Private Pilot Certificate in our structured eight-week program.

Application Timetable

Space is limited! We need your application by May 1, 2004 to ensure space in our programs.

- Early-bird registration forms received by 3/19/04 receive a PFTC ball cap and T-shirt.
- Share the experience! Register with a friend by 4/16/04 and each of you get a PFTC T-shirt.

How'd You Get So "Fly?" What Aviation Can Do For You.

Taking part in our Summer Flying Camp is a cool way to spend part of your summer. You'll get to have the brand new experience of actually flying an airplane! You'll sit in the pilot's seat, hold the controls, and watch the airplane respond to your command. You'll gain self-confidence and tons of great memories. Can you imagine the look on your friends' faces next fall when you tell them what you did this summer? Sweet!

If you eventually decide to earn your pilot's license, we guarantee you'll never be quite the same person. You'll have access to a whole new world of personal freedom and a new sense of personal fulfillment. You'll push the old boundaries of your life. You'll have the opportunity to plan, seek, and find new experiences that will enrich your life in countless ways. You'll gain greater self-reliance and confidence.

Learning to fly an airplane opens the door to a wide variety of career opportunities. Flying may complement a career in business or a profession you haven't even thought of pursuing yet. The possibilities are as limitless as your imagination because General Aviation touches many facets of our lives.

Aviation is a unique industry that combines the romance of history (think Kitty Hawk and Spirit of Saint Louis) with high-tech equipment and modern proficiency skills. It's a superb business tool, a personal time machine, and a partner in our nation's productivity.

About Us

Pittsburgh Flight Training Center is Pittsburgh's only FAA Part 141 flight school. Established in 1978, we've trained thousands of individuals. Whether you're interested in a professional career in aviation or just flying for fun and excitement, PFTC has a program to fit your needs. Our modern hangar and classroom facility was built in 1996. Our fleet of modern, well-equipped and maintained aircraft and facilities are open for your inspection seven days a week.
