

Introducing a simple way to get THE MOST out of your new Chamber Membership...

Dear Chamber Member,

Welcome to the Marlboro Chamber of Commerce! Joining a networking group is the first step in ensuring business success - I congratulate you on your wisdom and commitment.

Would you like to know another easy step that will *save* you many more steps in the future? ***Work with a professional business coach.***

Michael Jordan has one. Luciano Pavarotti has one. Former General Electric CEO, Jack Welch, used one. Although we typically associate the word "coach" with sports, *types* of coaches vary. **But** the one thing in common about people who use coaches is the burning desire to succeed in their chosen field.

Not familiar with coaching? No problem. I'm offering a special to new Marlboro Chamber Members. For a limited time, receive a **FREE 45-minute no-strings-attached, sample coaching session.** That's a **\$100 value.**

Here's what one of my clients has to say:

"Working with you, Lisa, has not only been financially rewarding, it has been a tremendous opportunity to experience real personal growth. As a result of my increased self confidence, I'm more comfortable meeting with potential referral sources and potential clients . . .the result: **more clients and a higher income!**" *Dan Malo, Ionix New Media*

As your professional coach, I'll make sure you're exercising your "success muscles" - the ones that make the difference between landing that next client, increasing your income, or gaining confidence when speaking in public.

- Want to increase your income for Q3? Great. Let's get to work.
- Tired of sweating the small stuff? You're not alone. I'll coach you through different ways to look at the challenges you and your business face.

But you better hurry. You must sign up within ONE MONTH of becoming a new Marlboro Chamber Member in order to receive your **FREE 45-minute sample coaching session.**

Call me now at **508-881-2996** or email me at lisa@bnimass.com

Here's looking towards a positive and productive Q3!

Best Wishes,

Lisa Montoya, Professional Life Coach
